

FALL CLEAN UP 10/30/17 THRU 12/29/17

As per Village Code, **NO CONTRACTORS** shall place or have placed any leaves on Village right-of-way. Fall leaf pickups shall be for the abutting landowner or employee thereof. Leaves will be picked up in either of the following ways:

1. Loose leaves put in long neat piles along the road edge.

NOT IN ROADWAY!

2. Leaves placed in paper Biodegradable bags. No grass clippings. Bags are available for purchase at Village Hall and various hardware stores. (plastic bags are not acceptable!!!)

No land clearing or tree and shrub pruning. Mixed piles will be passed by.

The Highway Department does NOT pick up any of the following:

- Construction debris
- Hedge clippings or hedge trimming brush of any kind
- Grass clippings
- Potted plants
- Stumps of any kind
- Iron fence posts or any type of stakes
- Rocks or dirt
- Bricks or blocks
- Cans, bottles or garbage of any kind
- Wood or brush of any kind

PLASTIC BAGS WILL NO LONGER BE PICKED UP

Disposal of these items is the responsibility of the individual property owner. In the past, many of these items have been mixed in with leaves or brush. This can cause serious injury to our workers and expensive damage to our machinery.

Your cooperation will help us to provide better service to you.

Happy Autumn!

I'm so happy to be writing the Fall Newsletter!!! There is a new chapter about to begin in the Village of Southampton. We have a new Mayor, MICHAEL IRVING, and so we have new beginnings. Michael has hit the road running and is passionate about Southampton Village and its future and respectful of its past. I'd also like to say I have enormous gratitude for Mark Epley, who ran in the election with me in 2005 and for 12 years worked tirelessly to improve our Village. As a resident and a friend, I cannot THANK MARK and the entire EPLEY family enough for their never ending positive approach to making this community better. Their spirit remains and we will miss Mark's presence.

NEW TO COME. Any of you who go to or watch our meetings on Channel 22 may have heard that we are planning an expansion of the children's playground at Agawam Park. In 2005 the Community Preservation Fund purchased the Doescher property that fronts onto the O'Connell parking lot, which is behind the stores on the south side of Jobs Lane. The Community Preservation Fund designated that the property be used for Parks and at the time it was thought we would expand the playground into that space. We have been working on that plan with Araiys Design and have come up with a terrific plan for families using superior equipment, all challenging children's core muscle groups. A park that I honestly think children will not want to leave. Currently we have Kompan equipment in the playground and we are looking to broaden that line. It will be a VERY HAPPY PLACE and will bring life to the business district as parents, children, grandparents and friends will visit the playground and then have lunch, shop and even stay for dinner. We will have picnic tables for people to eat at the playground as well as benches so families watching their children will be comfortable. All and all I believe it is a great project.

The second project is on Moses Lane. The Community Preservation Fund recently purchased an 11 acre property on the north side of Moses Lane for Park use. We have planned to have three ALL WEATHER tennis courts, one set up for pickle ball, two bocce courts and a walking track around the

perimeter of the property.

We worked with Araiys Design on that property also and their design left lots of open space and good screening on the roadside. We have had many requests for tennis courts over the years and feel that is a great use for that property. Plans for both properties are in Village Hall.

We went before the Southampton Town Board on September 7th to present the plans as the Town has to sign off on both projects since the properties were purchased with CPF money. They all felt great about both projects and gave us the go ahead. Mary Wilson, Community Preservation Program Manager, was at the meeting and she too felt good about both projects. Our goal is installation by Spring 2018 and useable by next summer.

This past summer was a great one. Not too hot and not too cold and some much needed rain. I hope you all enjoyed the summer. I think it went by too fast, but that's because I love the warm weather. Wishing you all a terrific FALL SEASON and as we slip into the Holidays may you all have HAPPY and SAFE TIMES.

Letter from the Mayor

Even with the passing of summer little has slowed down in Village Hall.

Over the past few months we have been filling board vacancies, addressing environmental issues, reviewing zoning code & exploring the pressing need of a water rescue department in emergency services. So much to do and we are still able to pack the calendar with exciting events throughout the Village - including the popular SouthamptonFest which will take place over the weekend of October 13-15. SouthamptonFest will open with a Cocktail Party sponsored by the Rotary Club in Agawam Park on Friday at 6:30pm. and end Sunday with a Chili Cook-Off among the fire and emergency services departments!

Since my election, the past few months have flown by and I have met many great employees, volunteers and residents that have shown the interest, dedication & will that make Southampton truly a very special place. One individual is our new Village Attorney Wayne Bruyn. He had big shoes to fill as the previous Village Attorney Rick DePetris, who retired in July, was the "voice" of municipal law. Wayne's strong background and experience with the Town of Southampton has carried over to the

Village. He has attacked the challenges as counsel for the Village and is completing the difficult task of reviewing code as it pertains to the ARB and other boards. We hope going forward to be able to adjust the wording to give a little more support to the ARB board when they look at mass & size. All our boards from the ZBA to Planning are balanced groups of independent individuals that are dedicated to their tasks.

The "New" that was often used to describe my term as Mayor is showing a little wear but my mission remains the same. By constant review and enhancement of Village services and government to make the best use of Village resources we will have the sustainability needed to protect Southampton for future generations. By working together we can achieve more for our Village.

Mayor Michael G. Irving
